Elk Grove Aquatics Club needs your help!

We are a **USA Swimming Team** supporting competitive swimmers in Elk Grove and Sacramento. **Elk Grove Aquatics Club** has been providing a positive experience for swimmers of all ages for over **20 years**. We're hoping to relocate to the new Elk Grove Aquatics Complex, an **Olympic size 50 meter pool in 2018**. **It is being built for competition. It's being built for teams just like ours.**

We're collecting donations to help fund our move to the new pool and to continue building a world class swim team. A place where young athletes can spark their love for swimming and fan it into an **Olympic flame**. A place where someone afraid of the water, can learn to **overcome that fear** and **test it in the crucible of competition**. A place where a group of kids from different backgrounds can build a strong foundation of team and family. **Elk Grove Aquatics Club develops character athletes.**

This is the Gator Way. Our Way.

Every donation helps. No donation is too small. Though our need is great and the pool is deep and wide, we hope you can help us add just a drop, maybe a bucket or even a TANK full of water to it. A wise person once said that every lake, every ocean, every body of water is nothing more than a collection of small drops collected over time.

Thank you for considering our donation request. We are a **federally certified 501(c)(3) nonprofit** and your **donation is fully tax deductible**. Our Nonprofit tax ID number is **68-0220604**. Should you have any questions or require more information, please contact the Elk Grove Aquatics Club Board by e-mail at board@egacgators.com.
